

## Genus/Species, Location, History and Setting Report

**Report Description:** This report contains summary information for key fields in the ITFD Database. Most of the summarized data in this report is displayed using bar charts. Also, at the bottom of each diagram, the total number of data entries is displayed. This amount represents the number of rows in the database that contained a value for the field that is being reported.

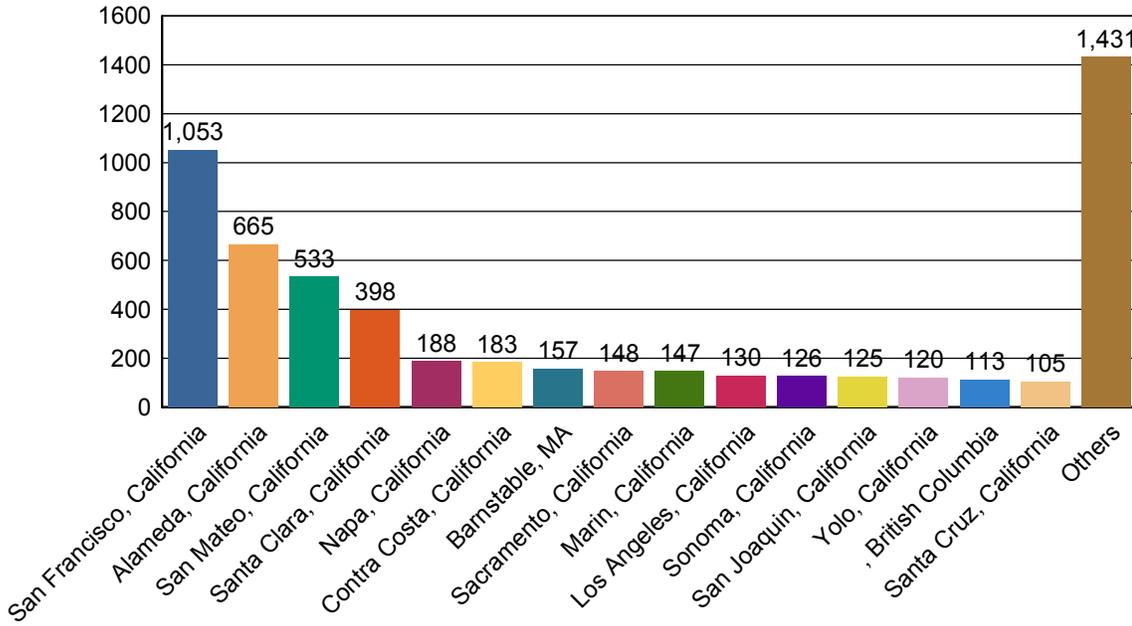

**Note:** The data that was used for this report was entered into ITFD prior to 7/12/2010.

### Genus/Species Total Count

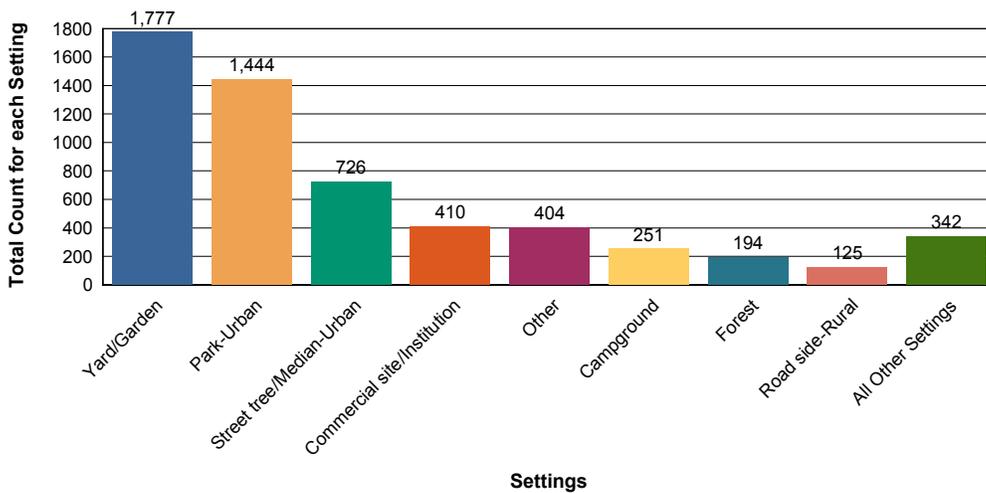

**Total number of Genus/Species entries: 6,035**

## County/State Total Count
